

MEMORIAL CARDS and other FUNERARY ephemera

One of SAG's volunteers, **Phillipa Morris**, has researched and written a piece about Memorial Cards and other funerary ephemera held in the SAG collection. Items from our collection are used to illustrate the text.

Phillipa's article may be found here http://midas.sag.org.au/attachments/memorial_cards.pdf

When we searched our collection we were able to find examples of 268 items in 95 different files.

To help you find a name of interest we have prepared a list of the Names and the Call numbers of the Files in which they can be found. This may not be exhaustive as the existing cataloguing may not have specifically identified such items when held amongst other papers.

If you find a name of interest you may arrange to come in to Richmond Villa to look at the file, or you may request a copy of a specific Item.

List of MIDAS Items which contain Memorial Cards or other Funerary material

In the list that follows you can search by Name, and also check by Call Number as several files contain more than one item of interest. And yes, there really is a memorial card to the Titanic.

To see the detail in MIDAS please use **MIDAS Advanced Search** and search by **Call Number**.

It's always best to **logon to MIDAS** as a SAG Member otherwise you will be in Public View where restrictions to access will apply.
